

ANNUAL REPORT OF MATHEMATICS FORUM (2015-16)

where Maths means more...

“Mathematics is the science of what is clear by itself”

Co-ordinator: Ms.Rakshitha

Dept. of Mathematics

We have started our forum in the year 2009 with the motto “where maths means more. . .”. Ms . Rakshitha is the staff co-ordinator of ‘Mathematics Forum’. Currently there are 12 students in our forum including secretary as Sameeksha of II B.Sc. and joint-secretary as Maithri of I B.Sc.

You, me, everyone on this planet is sent by God with the freedom to cultivate all the creative potential within us. Our Mathematics Forum have always provided a platform to make our choices and use our own inner resources, especially our imagination through its various activities.

In our forum, students worked on the “mini projects”, chart making and many more tasks involving Maths stuffs. Various activities like seminars, Power point presentations, puzzle solving activity, logics and Maths behind the card tricks were also performed in the forum through which the vastness of the “Mathematics” was clearly understood. The forum also conducted chess competition, concentration games and also guest lecture was conducted in each semester by the Mathematics Forum. Our forum also included “Quiz competition” and “Mathematics exhibition and competition”. The Quiz competition named “Math-View” was successfully conducted and prize winners were awarded. Even the exhibition was successful in bringing out the interest and enthusiasm in students and also making aware of the depth of the Mathematics. The exhibition included 16 Maths related models ,various charts, puzzles and card tricks. Knowledge and creativity are mainly imparted to students in our “Mathematics Forum”.
