Alva's Air Wing NCC (Flight – B) had conducted campaign visiting every house in the Ulaydangadi, Mijar at Moodbidri on 26<sup>th</sup> May 2018. Total of 16 cadets and one ANO had taken part in this campaign. The motto of campaign is to collect the data from the local residents, as to how they are disposing dry & wet waste at their houses. Campaign was also to create the awareness among local residents about advantages of segregating dry waste & wet waste (waste management).

waste including plastic & wet waste they through at plants at their houses. Some residents have complained that, the municipal vehicle comes only 2 days in a week, and it is difficult for resident to hold the waste till then. It also been noted that, vehicles cannot reach the interior houses. So some method should be implemented to reach out to the interior houses. After survey, we conclude with a statement that, ***“People need to be more educated, as they don't give much importance to the segregation of wastes; Changing People mind set is the biggest challenge ahead of everyone. And it is the responsibility of all the citizens to collectively work towards the development in one direction.”***

We would to like to express our gratitude to our Principal, Dr. Peter Fernandes & Management for allowing us to do such activity. We also thank Prof. Suresh P S of AIET College for providing assistance with Gram Panchayath, Mijar. The data college collected by residents is attached with this report.

6 Kar AIR SQN NCC, Mangalore

Environmental conservation is the biggest challenge that we are facing today. Since it is too late to realize that, it's time to join our hands to keep our future safe. In order to implement truly significant environmental policies, they need to

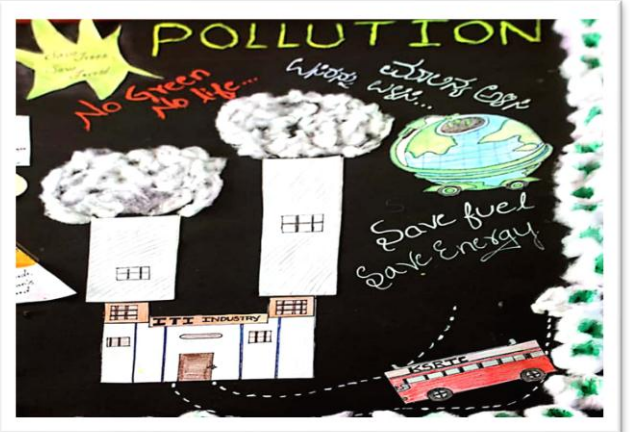

be integrated with the city's strategies and all management. Today on 14<sup>th</sup> October 2018 we the Cadets of 6 KAR AIR SQN NCC Mangalore (Flight-B) conducted a social activity to create awareness of Environmental Conservation at Hamsanagar. We started from vidyagiri, we went to each and every house and we gave some awareness about the environment conservation, the consequences of environment pollution, ill effects of deforestation and benefits of afforestation. Mother earth would not have any global warming if we plant trees instead of cutting them. We told them to use the Public transport instead of using their own vehicle, In some houses we saw the plastics bags and we told them to not to throw and burn the plastics, they should be put in the dry waste and disposed so that the soil in that area would be safe, we also told the consequences of deforestation by giving the example of Kerala flood and Madikeri landslides. We also told them that we don't like that to happen here so please join hands to conserve nature which conserves the environment and we all together can live happily for long years ahead.

Beti Bachao, Beti padhao is a personal campaign of the government of India that aims to generate awareness and improve the efficiency of welfare programmes intended for girls. According to census data it was revealed that population ratio of India in 2011 is 943 female per 1000 males. So we the NCC cadets of 6 KAR AIR SQN NCC [Flight-B] on 28<sup>th</sup> Oct 2018, Mangalore as a part of social activity decided to create awareness in the people of THODAR, regarding Beti Bachao, Beti Padhao. We being studying in the professional course decided to present it in a creative way. Instead of going to each and every house, we just presented it in the form of street play which grabbed the attention of the rambler.

# **Alva's Air Wing NCC (Flight – B)**

**Moodbidri - 574227**

**6 Kar AIR SQN NCC, Mangalore**

There were around 30-40 people in the scenario, which means we created awareness among 30-40 houses in just 20 minutes. As a part of street play, the pedestrian and shopper keepers, came and saw us perform. As the crowd was created we started our performance. The street play had three individual skits. The first skit was entirely about female infanticide and second was about the opinion and mind-set of the matriarch. And now the third skit was convincing that all kind of age people from 6 to 60 can understand it by telling them to support girl education. The whole motto of this was to change the mind-set of the people and educate them about equality and girl education and stop female infanticide.
